

## 2022 JOB POSTING

**Position:** Water feature Technician

**Job Type:** Full-Time, Seasonal

**Location:** Lower Mainland

Our **Core Values** form the foundation of the company. We strive to build a fun, strong and healthy organization.

1. Be Authentic
2. Work hard, play hard
3. Highest quality the first time
4. Customer focused
5. Creativity

### **Outdoorsy, Creative, Handyman/woman? Check This Out...**

What makes you excited for work every day? Is it connecting with a team of like-minded, outdoorsy people who like to bike, ski, fish on their time off? Is it the opportunity to be creative and problem solve? Or is it the lifestyle, working hard in the summer with the occasional getaway and having slow winters to travel?

If these opportunities are something you are looking for then we want to hear from you.

### **Who We Are**

We are a small group of outdoorsy people whose main purpose is to bring people closer to nature. When we aren't building ponds, we are hanging out together or fishing, biking etc. We design and build some of Canada's most amazing natural water features, and we love doing it. Building large fountainscapes to huge backyard swim ponds, we have the coolest job in the world. We want to turn everyone into an "outsider" through building water features and we can't wait for you to join us!

### **Your Role**

Water feature technicians are a key part of our field team. They are responsible for aiding the director of projects and maintenance manager in designing, building and maintaining water features. The technician will take part in assembling main pond components, placing rocks, moving materials, driving machines etc. He/she is a crucial piece of the creative and innovative role on site with plenty of opportunity to grow into a lead designer and manager!

## What we will give you

- **Competitive wage**
- **Flexible winters**
- **Opportunity for promotions**
- **Opportunity for bonus'**
- **Company events!**
- **Team uniform (shirts, hats etc.)**
